

LET'S MAKE AN ORIGAMI BUNNY!

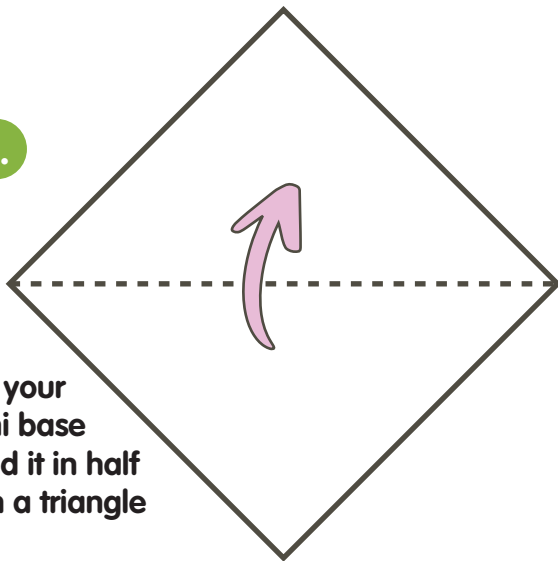

1. Print out this document in colour
2. Cut out the square origami base (the straighter the cut the better your bun will look!)
3. Follow the folding instructions on the page or head on over to our social media page and check out our video.
4. Get folding!
5. Share your creations with us by using #RAW2024

PRO TIP! USE ANY SQUARE PAPER IN A COLOUR OF YOUR CHOICE AND REPEAT THE PROCESS TO CREATE A FLUFFLE OF PAPER BUNNIES!

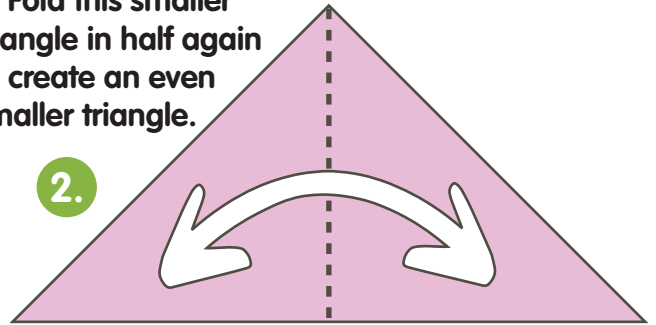

1.

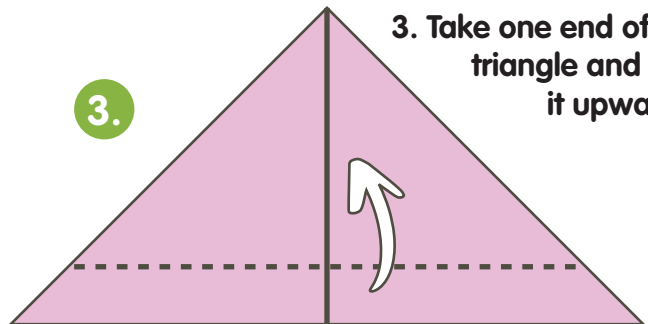

1. Take your origami base and fold it in half to form a triangle shape.

2.

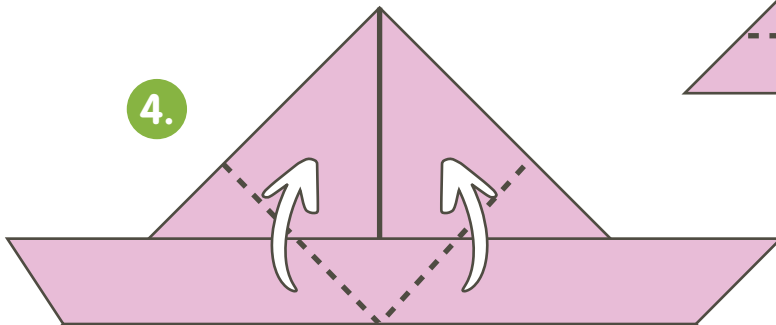

2. Fold this smaller triangle in half again to create an even smaller triangle.

3.

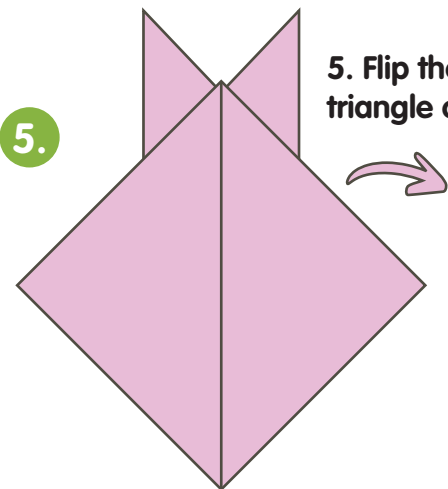

3. Take one end of the triangle and fold it upwards.

4.

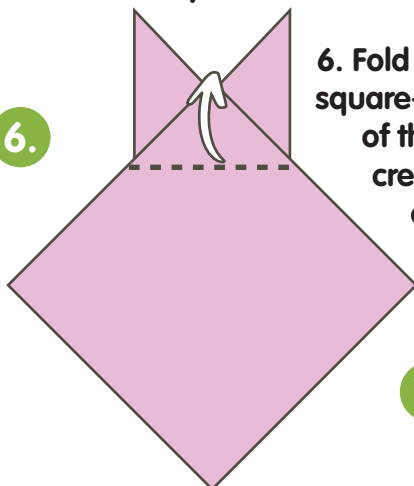

4. Fold the two ends of the triangle upwards to form the bunny ears.

5.

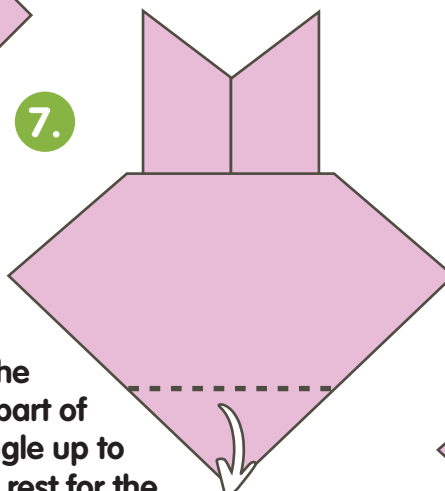

5. Flip the triangle over.

6.

6. Fold and tuck the square-shaped part of the triangle to create the head of the bunny.

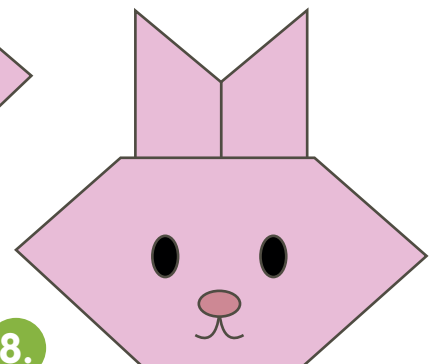

7.

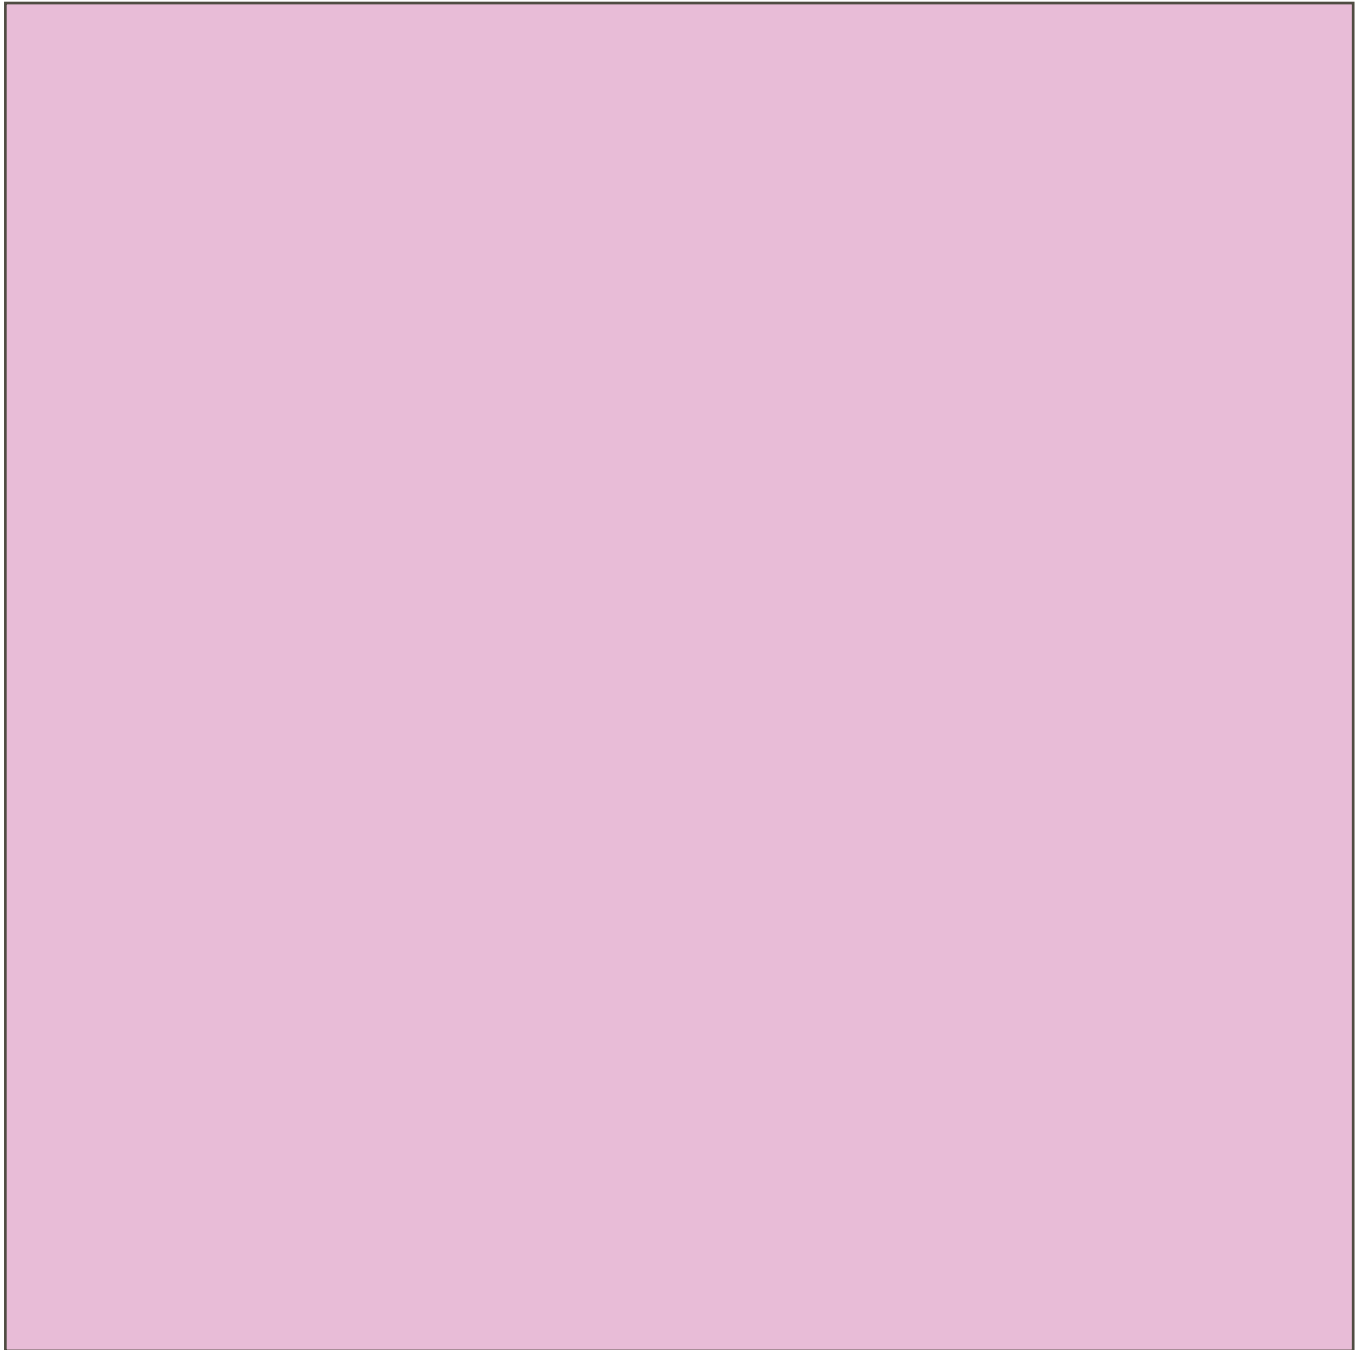

7. Fold the bottom part of the triangle up to create a rest for the bunny's chin.

8. Finally, draw your bunny's face and bring your little creation to life!

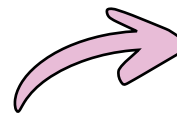

8.
